

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

VI.

All dogs and cats found running at large will be killed.

VII.

A health certificate bearing the seal of the city and recorder's signature will be valid.
Penalty.—All persons violating the above rules and orders of the board of health, which are for the prevention, restriction, and extinction of the smallpox now existing, and shall fail to comply with said rules and orders, after written notice pertaining thereto shall have been served upon him or her, shall, by statute, be guilty of a misdemeanor, and, upon conviction thereof, shall be fined or confined in the county jail, at the discretion of the court.

J. S. STUART,
 CHAS. S. MASON,

Board of Health for Washington County.

Smallpox in the United States as reported to the Supervising Surgeon-General United States Marine-Hospital Service, January 1 to February 25, 1898.
